Narberth Republican Committee Unanimously Endorses Bechtel

Borough G. O. P. Joins Many Leaders Backing Pottstown Man

ONLY COUNTY CONTEST

Narberth Republicans have joined the stampede for Earl B. Bechtel, of Pottstown, for Montgomery county prothonotary.

Unanimous endorsement of his candidacy was given last Thursday night by the borough committeemen and women as follows:

"We, the Republican committeemen and women of the borough of Narberth, with the best interests of the party in Montgomery county at heart, subscribe to the principle of geographical representation from all sections.

"We, therefore, having the best interests of the borough in mind, shall support Earl B. Bechtel for the office of prothonotary and urge all voters in the borough to give their support to him."

The Primaries are this coming Tuesday.

Committeemen and women present at the meeting included Charles V. Noel, borough G. O. P. leader, and Mrs. Louise V. Cockrill, from District No. 1; John C. Batchelor and Mrs. Ethel Williams from District No. 2, and W. D. R. Evans, from District No. 3. The absentee, Mrs. Margaret Griswold, District No. 3, was away on vacation.

County aid given borough highway projects during the last few years is believed to have influenced the decision.

A few days after the Narberth G. O. P. action, Bechtel's chances were further improved when Isaiah T. Haldeman, present prothonotary, let it be known that he favored the Pottstown borough clerk to succeed him. Haldeman is one of the "Old Guard" in Montgomery County. For years he was a lieutenant of Charles Johnson, late county leader, and is at present secretary of the Republican Committee of Montgomery County.

Bechtel now has the backing of a number of township and borough Republican committees in various parts of the county in addition to the support of many influential local leaders. Among his Lower Merion backers are Magistrate Franklin P. Kromer of Cynwyd; Samuel K. McConnell, Jr., of Penn Wynne; Fred C. Peters, West Ardmore, county commissioner; William G. Hower, Bryn Mawr, recorder of deeds.

Bechtel's opponents for the office are Walter A. Wilson, former Norristown editor and Burgess; William T. Muldrew, president of the Montgomery County Firemen's Association, and Major Romanus Fellman, former warden of the Montgomery County prison.

Other candidates endorsed by the Narberth G. O. P. Committee are Judge Harold G. Knight for the Common Pleas Court, and Judge J. Burnett Holland for the Orphans' Court, and Samuel Glass for jury commissioner.

Due to withdrawals the only county-wide contest is that for the nomination for prothonotary.

Up for Renomination

CLARENCE KAEBER who is unopposed for nomination as Narberth Councilman at the Republican Primaries on Tuesday. Mr. Kaerber is completing his second term as a councilman.

Arrangements Ready for Penn Valley Show

Flower Exhibit Will be Held at Montgomery School Tuesday

Final arrangements for the Penn Valley Garden Club's annual Fall Flower Show were made Thursday afternoon when the committeemen in charge met at the home of Mrs. J. A. Lafore, Penn Valley Farms.

The exhibit will be held next Tuesday, September 14, from 3 P. M. until 9 P. M. in the gymnasium of the Montgomery Day School, McClenaghan's Mill road, Penn Valley.

Since the show is open to all amateurs it is the hope of the club that many outside of its own membership will have entries on display.

There are nearly forty classes provided for in the schedules including two for juveniles.

Mrs. Walter D. Fuller is general chairman of the exhibit.

Narberth Firemen to Elect 9 Directors September 28

Annual election of the nine directors of the Narberth Fire Company will be held at Elm Hall on September 28 at 8 P. M. Every member of the company, active or contributing, is eligible to vote if his dues are paid up and all are urged to be present.

Candidates for election, as presented by the Nomination Committee, are Vincent F. Cunningham, W. S. Howard, Harry Hollar, Horace T. Smedley, T. B. DuMarais, Albert Nulty, George Carr, John A. Miller and William H. Durbin. Other nominations may be made from the floor.

The directorate consists of nine elected members, the fire chief ex-officio, and a representative each from borough council and the Mulieres, women's auxiliary organization.

Fly Flags September 17 Borough Constitution Committee Requests

Celebration Group Outlines Program for Sesqui-Centennial of Signing

HENRY FRYE CHAIRMAN

Narberth residents are asked to fly their flags in holiday style next Friday, September 17, the Sesqui-Centennial anniversary of the signing of the United States Constitution.

The borough Constitution Celebration Committee made this request Wednesday night following its organization meeting in Elm Hall when Henry A. Frye was chosen chairman and the Rev. Cletus A. Senft, pastor of Holy Trinity Lutheran Church, secretary.

On the same day a special program will be held at the Narberth Public School under the direction of Carlton F. Harkness, history and civics instructor. A feature will be the dedication of a tree on the school grounds.

Chairman Frye appointed a special sub-committee on programs with Roy I. Gowland as chairman and with the Rev. Michael Brown, of St. Margaret's Church, and Mrs. E. W. Heymann as members.

This committee will arrange for a community meeting to be held December 10 at the Narberth School. December 12, the date when Pennsylvania ratified the Constitution, this year falls on a Sunday.

The Celebration Committee will meet again in Council Rooms, Elm Hall, September 22, at 7.30 P. M.

Surprised by Merion Couple Masked Burglar Escapes

A masked burglar escaped empty-handed when he was surprised early Labor Day ransacking bureau drawers in the second floor bedroom of Commander and Mrs. Lyell St. Louis Pamperin, 225 Valley road, Merion.

Mrs. Pamperin, aroused by a noise, awakened her husband who turned on a light. The man, standing a few feet away, fled down the stairs and out a back door through which he had forced entrance.

Commander Pamperin was assigned to the Navy yard in 1934. He has been in the Navy since 1907.

Window Frame Ablaze

Narberth firemen were summoned at 7.03 P. M., last Friday to put out a burning window frame which threatened the residence at 108 Iona avenue, Narberth. Damage was estimated at \$50.

Merion Post Plans Outing

The Merion Post, American Legion, which held in its fall meeting Tuesday night, has made arrangements for its annual Wernersville party at South Mountain Manor on October 2 and 3.

Enroll Now for Kindergarten

Final date for enrollment in the kindergarten of the Narberth Public School has been set as September 21 by W. J. Drennen, principal. Enrollment may be made any school day until then.

Magistrate Candidates Present Records In Only Local Contest

Narberth Republicans will go to the polls this Tuesday to decide just one local contest, but that a keenly watched battle that seems unpredictable until the votes are counted.

Four men seeking the two G. O. P. nominations for magistrate are Magistrate H. C. Fritsch, Vincent F. Cunningham, Roy I. Gowland and Horace T. Smedley. The Democrats have only one candidate on their ballot, Magistrate Joseph T. Magarity.

For the other borough offices the Republicans have no contests while the Democrats do not have a complete slate.

G. O. P. candidates are: Council, Clarence Kaerber, Walter A. Fox, Henry P. Carr and Frank A. Schrepfer; tax collector, Edwin P. Dold; Burgess, John R. Hall; borough auditor, F. R. Gifford.

Democratic standard bearers are: Council, Kenneth L. M. Pray and Bruce Beyer; Burgess, Anton Emil Wohler; tax collector, Mrs. Olive Stark O'Sullivan.

Three borough school board members, unopposed for renomination, are Dr. Walter A. Steckbeck and Mrs. H. R. Rinehart for six-year terms, and Robert C. Collins for an unexpired two-year term.

So the magistrates' contest is the only exciting thing in the whole local ticket. In alphabetical order the qualifications of the candidates are:

Vincent F. Cunningham

Vincent F. Cunningham, of 210 Dudley avenue, who is a candidate for the Republican nomination for Justice of the Peace, has already rendered more service than the average to the community, but he has been so quiet about it that it is now necessary to make him known to his fellow citizens.

Mr. Cunningham has been a resident of Narberth for twenty-four years, is Vice President of the Narberth Fire Company, and has been an active member of the fire fighting force for twenty-three years, starting as a

Playoff Games Start in Borough Tomorrow for Baseball Pennant

Doubleheaders Saturday and Sunday Among Four League Leaders

GLADWYNE GIVEN LEAD

After Narberth had won the Main Line League baseball race on the basis of games played and scores made, circuit officials this week decided that Gladwyne should have top position over the Davismen.

The change in standings was handed down when the league moguls allowed a protest filed by Gladwyne two weeks ago against Upper Darby. It was held that a game won by Upper Darby should be given to Gladwyne because the 69th Street team used an ineligible player in the lineup. This full-game award was sufficient to put Gladwyne a half game ahead of Narberth as of the close of the season Labor Day.

Real winner of the league crown, however, will not be known until at least five more games are played.

The playoff system adopted this year means that any of the first four teams, Gladwyne, Narberth, Brookline and Paoli, may yet win the title.

A doubleheader starting on the borough playoff at 1.30 P. M. Saturday will see Gladwyne pitted against Brookline in the first game with the second-place Narberth team meeting the fourth-place Paoli nine in the second contest. The same procedure will be repeated Sunday—same teams, same time.

The two finalists must win two out of three games, so the preliminary playoffs may be continued in part or full until the next Saturday and possibly Sunday.

The surviving teams will then engage in a best three-out-of-five series for the league pennant.

In last Monday's games Narberth fared badly when, after losing to Paoli, 5-0, in the morning, the Davismen just nosed out Brookline in the afternoon, 5-4.

In fact Eddie Hare, Brookline manager has protested the second game on the ground that a spectator aided Herb Ogden, Narberth outfielder, in returning a ball that kept Dick Baker of the Haremen from making a home run that would have tied the score.

In the morning game Labor Day, Johnny Jackson, former Narberth hurler, held his ex-teammates to two lone hits while Bud Clancy yielded nine to Paoli, including a homer and double by Verna.

Gladwyne won from both Brookline 3-1 and Media A. A., 7-2.

Is Narberth Healthy? No New Cases During 99 Days

Narberth's Health Board, with Daniel Leitch, president, presiding met Tuesday night for the first time since last spring, and yet found the session both short and routine.

For during the months of June, July and August there was not a single case of contagious disease reported in the borough by Health Officer George B. Suplee. Other health conditions, milk, water, etc., also were found satisfactory.

The town's 99-day record of freedom from contagion was broken only Wednesday when Thomas Thaw, Jr., 5, of 134 North Narberth avenue, came down with the whooping cough.

Building at 3-Million Mark in Eight Months

Permits for building construction to cost an estimated \$517,961 were taken out in Lower Merion Township during August. The figure brought the total for the first eight months of 1937 to \$3,337,158.

The ninety-nine permits issued by Building Inspector C. E. Rahn included twenty-eight for thirty-one single-family dwellings to cost a total of \$456,950.

The present eight-months' total is an increase of \$831,558 over the 1936 figure for a similar period.

Constitution Week is Observed by D.A.R.

Members of Merion Chapter Participate in Celebration Held September 10 to 17

Mrs. William Groff, Regent, and Mrs. Morris L. Potts, Secretary of Merion Chapter, Daughters of the American Revolution, served as Hostesses at Independence Hall, Philadelphia, on August 27 and again on September 3. "Constitution Pledges" were distributed to visitors.

Mayor S. Davis Wilson, of Philadelphia, said that more than 150,000 have signed these patriotic pledges, including persons from every state in the Union.

Constitution week will be held September 10 to 17. There will be a Colonial Tea, several historical exhibitions, a tour of Fairmount Park, and the planting of several oak trees to commemorate the Constitution's 150th birthday. Members of various Women's clubs, and the Daughters of the American Revolution will take part. Merion Chapter will be well represented at all these exercises.

The annual State Conference of the Daughters of the American Revolution will be held at Gettysburg in October.

Rotarians Hear Address Favoring Hospital Drive

Endorsement of the Bryn Mawr Hospital's \$1,000,000 campaign was given Tuesday at the Bala-Cynwyd-Narberth Rotary Club by John A. Miller, chairman of Rotary's Community Service Committee and well known Narberth fireman and sportsman.

Mr. Miller explained the various features of the drive which is to start October 1, and told why the Bryn Mawr institution needs the sum sought. He asked that each Rotarian solicit at least ten other men for funds for the hospital.

Mrs. Stephenson in Hospital

Mrs. J. Samuel Stephenson, of St. Martin's lane, Chestnut Hill, formerly of City line, Bala, is in the Broad Street Hospital, where she is recovering nicely from an operation performed Monday.

Mr. Stephenson, formerly assistant rector at St. John's Episcopal Church, Cynwyd, is now the curate at St. Martin's-in-the-Fields, Chestnut Hill.

Narberth Players Will Open Season Tuesday

Puppet Show Free Attraction at First Meeting in Elm Hall

Due to advantageous arrangements and at no greater rental expense, the Narberth Players will hereafter use Elm Hall on Forrest avenue, Narberth, for their monthly meetings, rehearsals and plays.

The first meeting Tuesday night will present an unusually attractive program featuring Marjorie Flynn's puppet show in her new twenty-minute play "The Greatest Show on Earth." In addition we are to have Harry Rosen, professional mechanical man, who presents, as our guest, a form of entertainment in which he stands second to none.

Preceding the entertainment, announcement will be made of the dates and the names of the five major plays to be given during the 1937-38 season. Announcement of committee chairmen will also be made.

Members are urged to bring their friends as guests of the club. No guest fee at this meeting. As usual, refreshments will be served following the meeting.

Republican Women Mail Information on Elections

A "Political Information Pamphlet Concerning the Elections of 1937" was mailed this week to members of the Lower Merion-Narberth Council of Republican Women by Mrs. Florence G. Zipf, Bryn Mawr, chairman of the Political Activities Committee. The information is of general interest to Pennsylvania and concerns the registration laws, the Primary Election and Qualifications of Voters.

"Bonus" Winners at Narberth

Winners of "Bonus" game prizes at the Narberth Theatre Monday night were Thomas Wright, Chestnut avenue, vacuum sweeper; Mrs. Jerry Casey, Essex avenue, cocktail set; C. Y. Narrigan, Haverford avenue, toaster; James L. Sanford, Glenwood road, Merion, decanter set.

Coast Guard Rescues Narberth Trio 36 Hours At Sea In Disabled Boat

With their boat's main boom broken and jib and main sail torn, three Narberth men and two from Delaware county were rescued by the Coast Guard late Monday off Ocean City, Md., after being at the mercy of the sea for 36 hours.

The Narberth men are George A. Purring, an attorney, of 3 Wynnewood Court, owner and skipper of the craft, the "Felice"; his brother, Ernest Purring, Jr., an automobile salesman, and their father, Ernest Purring, Sr., a retired seaman.

Their companions were Harold Torbess, Upper Darby, owner of a service station at Montgomery avenue and Old Lancaster road, Cynwyd, and Charles Campbell of Kirklyn.

The "Felice," built on top of a Narberth garage in 1933 by Ernest Purring, Sr., set out from Beach Haven,

N. J., early Sunday, destination Es-sington on the Delaware where it was to be harbored for the winter.

About six hours out a squall was noticed suddenly about fifty yards to starboard and the gale hit the craft amidships before the sails could be furled.

For thirty hours the boat, a 40-foot trunk cabin schooner, was tossed by mountainous waves while the crew tried in vain to head the craft to safety.

The "Felice" was on its way to Florida whether the men on board liked it or not. Fortunately there was food and water on board to last two weeks, but high seas threatened to wash the two helmsmen, George and Ernest Purring, Jr., overboard and the seas thoroughly drenched every-

Constitution Day This Year

It is both a paradox and a tribute that in this, the 150th year since the signing of the Constitution, it should be undergoing its most severe test. A paradox because while an officially created government sesquicentennial commission seeks to rekindle a devotion to the Constitution, others seek to prostitute it to their own grasping for power. A tribute because it has stood for 150 years in defiance of all attacks.

One of the most common and insidious attacks has been that the Constitution is being used by a minority of the people to defeat the will of the majority. As a political plea for votes this is clever, for it is a direct appeal to the majority. But, as a matter of fact, protection for the minority is and has been the heart and soul of the Constitution.

Those who wrote the great document had history behind them. And they knew that majorities could always take care of themselves. Because they were the most numerous. The Constitution was intended to prevent this majority from riding roughshod over their weaker brethren. The Bill of Rights was added to strengthen this protection. The Constitutional Amendment was provided to permit the will of the many to prevail.

Thus, so long as the Constitution stands, there can never be persecution of any religious group or other minority, by the majority. The minority can speak its mind publicly without fear of arrest and imprisonment. Property can not be taken from the humblest or the richest citizen.

September 17 this year will mark the anniversary of something more than just another historic occasion.

Speed—The Great Killer

During recent years a number of states have adopted the "basic rule" speed law—a measure whereby no fixed maximum highway speed is prescribed, but drivers are required to operate their vehicles with due care. Today in many of those states motor vehicle officials are coming to the view that the basic rule has failed, and that a fixed speed law, rigidly enforced, is necessary to the prevention of accidents. The national organization which studied highway legislation and first advocated the basic rule, has now changed its position, and urges fixed speed limits.

So the motorist has failed in his responsibility under a law which gave the individual wide leeway in his driving habits. Speed is still the great highway killer, breeding more violent deaths than any other driving error. It is a harsh commentary on drivers that the bulk of fatal automobile accidents occur on first class, straight highways, under good weather and visibility conditions, and involve cars in passable mechanical condition. Speed, the insane instinct to "open her up," is the answer.

It is apparent that the automobile death and injury rate will continue to climb until all states co-operate to modernize their traffic codes in the light of modern conditions. Appeals to the motorist's instincts of self-preservation and public responsibility have produced some results, but much more must be done. Speeds must be re-

Charles Lueders, Jr. Starts Thursday as Bala Scoutmaster

Troop 1 Will Meet at St. Asaph's Under Sponsorship of Prominent Resident

NON-MEMBERS INVITED

The Troop Committee of Bala 1 announces that Charles W. Lueders, Jr., will act as Scoutmaster for this troop beginning with the fall opening September 16.

The new Scoutmaster, who has been acting as Assistant Scoutmaster for Bala-Cynwyd 3, is an old Bala-Cynwyd 2 boy and one of "Pop" Faries' English contingent in 1929.

He was graduated in 1931 from Lower Merion seventeenth in his class of 210 with an all-time average of 87 per cent. He played football and baseball while there and won his "L. M." in tennis in 1930 and 1931. He was president of the debating club, or "Forum," a member of Sigma Kappa, and played the lead in a dramatic contest in 1931 which was awarded first prize.

While at high school he became an Eagle Scout with gold palm for obtaining 32 merit badges. He was a five year veteran in Bala-Cynwyd 2, rising from Tenderfoot to Junior Assistant Scoutmaster (a member of the English Jamboree contingent in 1929, and went to Washington, D. C., in 1930 as a member of Troop 2 Eagle Patrol.

He won his camp awards at Camp Delmont for four years and in 1928 was made "Boy Leader." That same year during Boy Week along the Main Line he was Chairman of the Board. He received the distinguished service award for two years.

Having matriculated at Lehigh University, he received his B. S. in Metallurgical Engineering in 1935. He qualified for scholarships throughout his entire college course. He was prominent in dramatics and in other activities, playing both tennis and basketball, and on the editorial staff of the yearbook.

He is a member of Phi Gamma Delta fraternity and was vice-president and treasurer of his local chapter on the Lehigh Campus. He was also a member of Scabbard and Blade, a national honorary military fraternity.

Upon his graduation he was commissioned as second Lieutenant in Ordnance Reserve Corps, for, while at Lehigh University, he held the highest R. O. T. C. rank to which an Ordnance student is eligible, that is Cadet Captain. In 1935 he was one of fourteen graduates selected by the Bethlehem Steel Company from 350 applicants from 28 different colleges. He is now acting as assistant chief engineer in charge of Testing Section at the Pencoyd works at the Carnegie Illinois Steel Corporation. He is a member of the Cynwyd Club, the University Club of Bethlehem and the American Society for Metals.

It is fortunate that Mr. Lueders finds himself in a position where he can continue the long line of excellent scoutmasters commissioned in Bala 1. The Troop will begin its program under his sponsorship at 7:30 P. M. next Thursday at St. Asaph's Church.

Any parents or boys who would be interested in carrying on with him the splendid and inspiring record of Bala 1, one of our oldest scout troops, are invited to be present at that time.

Shirley Temple at Narberth Stars in "Wee Willie Winkie"

This might be called "Kipling Week" at the Narberth Theatre as two of the Briton's stories are seen in film version.

Current is "Wee Willie Winkie," with Shirley Temple in the title role of Rudyard Kipling's novel in which she and her widowed mother (June Lang) go to the British frontier post in India to live with her grandfather (C. Aubrey Smith). With Victor McLaglen, Shirley aids in making peace between the British and the natives.

With the opening of school the daily matinees have been discontinued with the exception of Saturdays and holidays.

Monday and Tuesday another Kipling opus, "Captains Courageous," shows Freddie Bartholomew as Harvey Cheyne, spoiled rich lad who falls overboard and is made into a man by New England fishermen.

Lionel Barrymore is the captain and Melvyn Douglas, Harvey's father, while Spencer Tracy steals the show as Manuel, a Portuguese. The popular "Bonus" game is played for prizes Monday at 9 P. M.

Wednesday (Cash Award Night) and Thursday, "Ever Since Eve" will be given with a cast including Marion Davies, Robert Montgomery and Frank McHugh.

Marlene Dietrich's latest picture, "Knight Without Armor," will be next week-end's attraction.

COURT HOUSE RULE

Invites Extravagance... Waste... Debt... and High Taxes

REPUBLICANS—Kill It With Your Votes

THE ISSUE . . .

NO COURT HOUSE RULE

WHY ABANDON A POLICY OF PROVEN WORTH FOR ONE OF PROVEN WORTHLESSNESS?

Mr. Bechtel's nomination means control of the county Republican organization by Commissioner Peters . . .

The fact would be immaterial if it did not involve a complete reversal of the established and successful policy of majority party control, under which Montgomery county has established a record for low taxes and freedom from debt that is equaled nowhere else in Pennsylvania.

Charles Johnson, throughout his long regime, kept a firm grip on court house offices and the conduct of court house officers.

He rigorously restrained wild expenditures and no officer who "went bad" in office ever received his forgiveness. The law was permitted to take its course with the result that the county was amazingly free from embezzlement and graft throughout the Long Johnson regime.

Court house scandals in that thirty years can be enumerated on the fingers of one hand with fingers to spare. No other county of comparable size can show a cleaner record.

THAT IS WHERE PUBLIC INTEREST LIES

After all, that is what counts with the ordinary taxpayers. They are not deeply concerned with the identity of officials. They are intensely interested in getting their money's worth for every dollar collected from them in taxes and spent from the public treasury.

It all makes for efficiency in government. Mr. Johnson retained his leadership primarily because of the kind of government Montgomery county taxpayers enjoyed under his regime. It was his greatest asset in repeated appeals to the people and the only one he needed to secure popular approval.

Under the policy of non-officer rule in the party—with the officers plain public servants that they are presumed always to be and so often are not—Montgomery county enjoyed everything that residents of tax-ridden debt-burdened counties enjoyed. At the same time it revelled in low taxes and a full treasury.

PROVEN WORTH vs. PROVEN FOLLY

Why shift a policy of demonstrated worth for one of demonstrated worthlessness?

"Rule of officers" through control of the party machinery almost invariably leads to misrule and worse. Ample proof of that statement is available in other counties. Why should Montgomery county court similar disaster now after its long record of clean government?

That is the sort of thing that the taxpayers of this county are asked to invite in the nomination of Mr. Bechtel who admits himself the direct creation of two row officers, who manifestly seek control of the Republican machinery in the county, no matter how they may try to camouflage their intentions with fine phrases and soothing words.

The taxpayers will be safeguarding their own interests, however, if they turn thumbs down on Mr. Bechtel's candidacy, not on account of Mr. Bechtel himself or his sectional location, but because of what he stands for.

Let's keep away from court house rule—and disaster!

(Reprinted from an Editorial in the North Penn Reporter, September 1, 1937.)

COURT HOUSE RULE THREATENS DISASTER—MR. TAXPAYER

The contest for the Prothonotary nomination in next Tuesday's primary election is a contest for the control of the Republican organization in Montgomery.

The nomination of Walter A. Wilson will be a summary rejection of Court House Rule.

The nomination Earl B. Bechtel will mean the seizure of the County Organization by Fred C. Peters, a sitting commissioner.

A Peters victory on Tuesday will put the county in the absolute control of an iron-handed oligarchy of Court House Officers.

Rule by a Court House Ring has brought a great burden of debt, higher taxes, extravagance, waste and scandal in every county where it has been attempted.

It will do the same thing here if it is permitted to fasten itself on Montgomery.

Montgomery Republicans always have rejected Court House Rule—notably and decisively in 1923. They must again reject it decisively in 1937.

Residence in New Radnor Development

This charming dwelling at 618 Glen Mary lane, Radnor, is one of a group of homes erected in that community by J. Howard Mecke, Jr. Built on one-acre plots among old shade trees and near to the best in suburban facilities, the construction is modern to the latest degree.

Radnor Development
Announced by Mecke

Homes on Glen Mary Lane
Offer Same Delights as
Large Estates

Announcement of a new residence development in Radnor was made this week by J. Howard Mecke, Jr., builder of "American Homes" and specialist in suburban real estate.

Entrance to these new homes is on Glen Mary lane, Radnor, and they are built on a plot of ground consisting of one acre, beautiful shade trees, and at an altitude of 410 feet above sea level.

In choosing Radnor as the place for his latest building operation, Mr. Mecke describes the site as in "a Metropolitan community settled in one of the mellowest and most beautiful country-sides of America. Only thirteen miles from Philadelphia's City Hall, Pennsylvania Railroad trains run from five to twelve minutes during rush hours and every thirty minutes throughout the day. The fare with a monthly ticket is only fifteen cents a ride," he points out.

Included in the new dwellings are running ice water in the bathrooms and kitchens, also a drying closet in one of the bathrooms for drying ladies' apparel in five minutes, and a "Guest Cottage" with open fireplace and built-in bunks.

The center reception hall runs clear through to a knotty pine library. The spacious living room, on one side, faces east and north. A door at one end opens to a covered porch . . . on the other end, to an open terrace.

The large dining room, with plenty of wall space, is on the other side of the hall—with a huge bay window. The pantry is in the rear of the house. Then comes the kitchen—smartly modern, with built-in cabinets, kitchen desk, menu maker, and racks for trays; latest type electric range, 60-inch metal sink with metal cabinet underneath, heavy linoleum—all in colored harmony.

Incidentally, both pantry and kitchen have 60-inch sinks with metal cabinets under them. And—to complete the first floor—a charming guest powder puff room in gay colors; a coat closet with racks for hats, and accessories to hold umbrellas and walking sticks.

Upstairs, the closets are roomy and well equipped with shoe shelves, hat racks, etc. Bathroom tiles and plumbing fixtures blend in pleasant colors, each containing two recessed medicine closets for his and hers. The Master bedroom has a 10-foot ceiling providing additional light and ventilation. There are four bedrooms and two baths on the second floor; and then, through a corridor, the servant's room with separate bath and rear staircase to kitchen.

Rock Wool Insulation keeps the house warm when it's cold and cold when it's warm. The heating system is a Delco oil burner, with control, which supplies domestic hot water the year round.

One tract boasts of a swimming pool, another a tennis court, the third a play house, with an open fireplace, where you can broil your sizzling steaks, and a fourth a stable completely equipped.

Thus the fortunate owners of these enchanting homes have the distinctive pleasures offered only by large estates, without the financial burden of purchasing or supporting one. Tennis, swimming, riding, good times in the play house, are available to each of the families residing here. Enjoyment of estate niceties makes possible this unique manner of living.

Sensible restrictions are imposed to

insure that people have the right kind of neighbors.

A short ride—and you are at a dozen golf courses, swimming clubs, tennis courts, riding academies, hunt clubs, Devon Horse Show grounds, churches of all denominations, shops, movies, and anything else of which you can think.

Each residence has a two-car heated motor room, with overhead garage doors.

Other features include new type recessed radiation, metal weather stripping, custom made fly screens and doors, copper leaders and gutters, insulated ceiling on second floor and over motor room, heavier joists and iron beams than ordinarily used, enclosed glass shower doors around tub, heavy tile basement floor, plastered ceilings and side walls in basement and a finished recreation room with log burning fireplace.

Where do you go when
DISASTER STRIKES?

Suddenly comes that sickening sidesway, a frantic tug at the wheel, the shriek of skidding tires, the crash — and then that awful, dreadful silence.

Where do you go when disaster strikes?

Or, in the middle of the night when the youngster's cold suddenly grows so much worse, temperature mounts, the ear swells and a grave-faced physician says "mastoid!"

Where do you go when disaster strikes?

The answer is always the same:—

**"BRYN MAWR HOSPITAL
... QUICK!"**

There it stands, an institution which has been your neighbor for years; yet in your mind scarcely more than a seldom, glancing thought. For forty-four years, this institution has served the community by relieving pain, curing illness, fighting death.

Last year alone, fourteen thousand people were treated by this institution. They came at all hours of the day and night; from all walks of life. Without a question as to creed, color, nationality or position to pay, and all that medical skill and science could do to ease suffering — was done.

In 1936 free services rendered to those who could pay nothing, and to those who could pay partially, amounted to \$65,000. This did not include free medical and surgical assistance, conservatively estimated at an additional \$100,000, or a total approximating \$165,000. But we're still here to serve you in that hour of need. Where do you go when disaster strikes? Why, to Bryn Mawr, of course!

It's your hospital!

School Days Are Here Again

Eileen Gano, of Bala-Cynwyd, uses material from the Carnegie Foundation's art gift to Friends' Central School in making a report to her class.

Report of the Lower Merion Township Planning Commission

Secondary Highway System
In addition to the through highways, local traffic requires:
a. Feeder roads to the main arteries.
b. Routes between local centers.
c. Routes approximately parallel to the main arteries.
d. A layout of business centers that will permit free circulation of local shopping traffic.

The present highway system and the various proposals are shown upon the Master Plan of Highways.

Roads collecting traffic and bringing it to the present main arteries have developed naturally such as Wynnewood road and Old Railroad avenue, but routes from the local centers to the proposed River Road parkway need to be developed. In general, these will be upon existing roads with necessary extensions.

In the upper end of the township Spring Mill road will take on some importance and its river end should be improved in grade and curvature as far as conditions will allow.

Of more importance is a route from Rosemont and Bryn Mawr for those who will desire to use the River road in their daily trips to and from the Philadelphia central district. Such a route may be developed, using Roberts road and Morris avenue, Black Rock, Rose Glen and Mill Creek roads with extensions as shown.

Of like importance will be the Ardmore connection, which will have two choices, one based upon Centennial road and the other upon Bryn Mawr avenue and Rock Hill road. The necessary additions to make these routes possible are indicated upon the Master Plan of Highways.

Belmont avenue, Centennial road, Mill Creek road, Young's Ford road and Spring Mill road will be available for those who wish to use the River road in travel away from Philadelphia or to use the proposed crossing at Spring Mill.

Routes Connecting Local Centers
These routes have also developed

naturally such as that from Ardmore to Gladwyne along Mill Creek, Old Gulph and Young's Ford roads. Some are along main arteries and the development of parallel routes will assist communication between local centers. A connection between Ardmore and Narberth along Kent road and through the Gibson property to either Windsor or Haverford-Merion road should be accomplished through subdivision regulation when that property is developed.

Routes Paralleling Main Arteries
Probably the most important of the parallel routes is that traversing the entire township north of Montgomery avenue generally along Old Gulph road and Bryn Mawr avenue with necessary connections as shown upon the plan.

An additional route parallel to a section of Montgomery avenue along Wister and Moreno roads and extensions thereof will carry Ardmore traffic to the River road and afford a means for travel between North Ardmore and Penn Valley without entering Montgomery avenue.

On the south side of Lancaster avenue, Haverford road serves to some extent as the parallel route. As the proposed Cobb's Creek Parkway will relieve the heavy traffic load on Haverford road at the City avenue connection, the turning of Lancaster avenue traffic to this route should be made wherever possible. Consideration should be given to the development of County Line road and Buck lane for this purpose. The proposed section from Old Railroad avenue to Ardmore avenue is possible if Haverford College should desire to withdraw to such a road and realize upon the land values of the little-used portion fronting on Lancaster avenue.

A route parallel to City avenue from the proposed Cobb's Creek Parkway would follow Remington road and Bowman avenue. The extensions necessary may be preserved largely through land subdivision regulation.

hoseman, and is now the assistant chief.

Mr. Cunningham in his interest in attaining fire-fighting proficiency and fire prevention, caused him on his own time and expense to take a course of training in the school provided by the Philadelphia Fire Department under Ross B. Davis, chief engineer.

Service on the volunteer fire department is unpaid and it has always been well done in Narberth. Such service does indicate a man's interest in the community and entitles him, Mr. Cunningham holds, to the favorable consideration of the voters as a candidate on the Republican Party Ballot.

Mr. Cunningham is a member of the Harold D. Speakman Post of the American Legion and is at present chairman of the house committee. He seeks nomination and election as Justice of the Peace because he is seriously interested in holding that office, for the service it can render to the community for protection of Public Safety.

Magistrate H. C. Fritsch

Howard C. Fritsch has been a Narberth Justice of the Peace for 18 years. He is in the real estate and insurance business. Mr. Fritsch declined to make a formal statement, saying in effect that he would run on his record as a "sitting judge."

Roy I. Gowland

Roy I. Gowland is an aggressive member of the real estate firm of Gowland Bros. He is president of the Narberth Business Council, a member of the Young Republican Club of Narberth and a member of the Executive Council of the Young Republicans of the First Legislative District of Montgomery county.

He is the only candidate to be endorsed by the Young Republicans Club of Narberth, and promises a business administration of the office if he is nominated and elected.

Horace T. Smedley

Horace T. Smedley, of 401 Woodside avenue, has lived in Narberth for thirty-six years and has always been active in its civic affairs.

He is a graduate of the Haverford School and of Syracuse University. A member of the contracting firm of W. D. and H. T. Smedley, he is also treasurer of the American Legion Building and Loan Association and is a director of the Narberth Building and Loan Association.

He is a director of the Narberth Fire Company and holds the office of financial secretary.

A veteran of the World War and a Mason, being a member of the Cassia Lodge of Ardmore.

one and everything with icy water.

The rescue was effected by a Coast Guard cutter which sighted the helpless "Felice" about 4 P. M. Monday. The rescued were lavish in their praise of Captain Moore, officer-in-charge of the Coast Guard station, and his men, commending both their efficiency and hospitality.

While the rest of the party returned to their homes to rest and to dry and thaw out, Mr. Purring, Sr., remained at Beach Haven to oversee repairs to the boat.

Active football work on all high school fronts starts this week. Local seasons get under way around September 25, that is in two weeks. And two weeks is a heck of a short time and means that some pretty intensive training will be on the books from now on.
